

# NEW SINGLE MASS FLYWHEEL CONVERSION KITS

ACS have recently finished development of several new ClutchPro and Xtreme Outback single mass flywheel kits for the 2020 on Isuzu D-Max and Mazda BT-50 3.0L as well as the 2019 on Toyota Hiace 2.8L. These new kits convert the factory dual mass flywheel to a single mass flywheel alternate for the aftermarket.

These single mass flywheel conversions have been developed with deep consideration for the mass of the clutch assembly to retain torque drive whilst minimising changes to noise, vibration and harshness (NVH).

## 2019 - ON TOYOTA HIACE 2.8L

### ClutchPro Kit – KTY28550

- Direct fit replacement
- Dual mass to single mass flywheel for improved strength and future reusability
- ClutchPro Pressure Plate
- Sprung Wide Angle Damper Organic Friction Disc (High torque centre whilst minimising NVH)
- Includes flywheel bolts, release bearing, pressure plate bolts, spigot bearing and alignment tool
- Ideal for replacement in standard vehicles

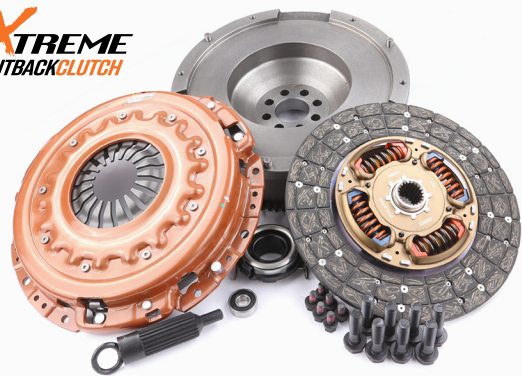

### Xtreme Outback Upgrade Kit – KTY28550-1A

- Xtreme Outback Performance Pressure Plate (18% increase in clamping force over ClutchPro alternate)
- Dual mass to single mass flywheel for improved strength and future reusability
- Sprung Wide Angle Damper Organic Friction Disc (High torque centre whilst minimising NVH)
- Includes flywheel bolts, release bearing, pressure plate bolts, spigot bearing and alignment tool
- Ideal for replacement in modified vehicles, trade vehicles, tow vehicles etc.

# NEW SINGLE MASS FLYWHEEL CONVERSION KITS

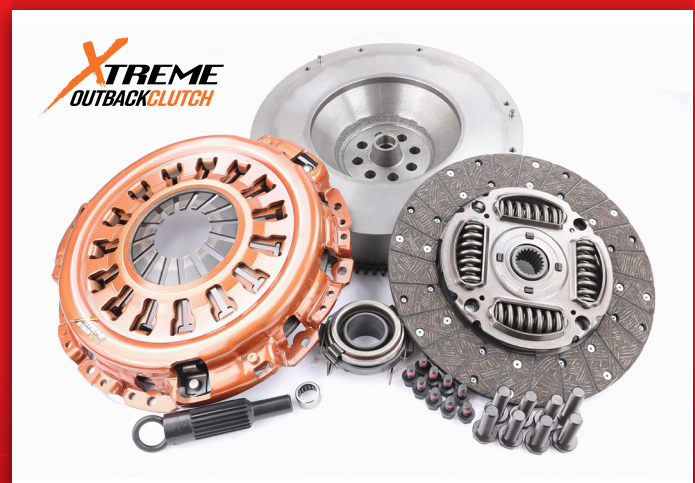

2020 - ON MAZDA BT-50/ISUZU D-MAX 3.0L

## ClutchPro Kit – KIZ28511

- Direct fit replacement
- Dual mass to single mass flywheel for improved strength and future reusability
- ClutchPro Pressure Plate
- Sprung Organic Friction Disc
- Includes flywheel bolts, release bearing, pressure plate bolts, spigot bearing and alignment tool
- Ideal for replacement in standard vehicles

## Xtreme Outback Upgrade Kit – KIZ28511-1A

- Xtreme Outback Performance Pressure Plate (35% increase in clamping force over ClutchPro alternate)
- Dual mass to single mass flywheel for improved strength and future reusability
- Sprung Organic Friction Disc
- Includes flywheel bolts, release bearing, pressure plate bolts, spigot bearing and alignment tool
- Ideal for replacement in modified vehicles or heavy off-road/towing use
