INTRODUCING VOLKSWAGEN AMAROK HEAVY DUTY CLUTCH KIT

Xtreme Outback introduces heavy duty upgrade to suit the 2011 onwards Volkswagen Amarok 2.0L diesel.

The kits have been designed primarily for increased clamping force (30% increase over standard) whilst retaining a dual mass flywheel and self-adjusting clutch cover. The kit is ideal for lightly modified vehicles being used daily and for vehicles that tow heavy loads.

Part Number: KVW24628-1A

The kit includes:

- Heavy duty, self-adjusting pressure plate
- 240mm sprung organic friction disc
- Concentric slave cylinder
- Suitable for daily driven vehicles and towing heavy loads
- 600 Nm torque capacity
